SUBJECT

Submitting revised statements re th
l yield of some principal food crops.

I M M E D I A T

OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE.

Bangalore, 2nd April 1919.

11650

A.R. Srinivasaiengar Esq., M.A.,
Revenue Commissioner in Mysore.

To

Chief
The Secretary to the Government of
His Highness the Maharaja of Mysore,
Department.

SIR,

I have the honor to state that as it was brought to my notice that the actual yield of some principal food crops, particularly horse-gram and Jola, had fallen short of the estimates furnished to Government with my letter No.C.1831/R1.18-19 dated the 13th February 1919, the Deputy Commissioners were requested to report if the estimates previously furnished by them required any modification. From the replies received, it is seen that in the Hassan, Shimoga and Kadur Districts no modifications are necessary in the estimates already furnished. In the Bangalore District, the actual yield under horse-gram was less than the estimated yield in the Taluks of the Doddaballapur Sub Division. The estimates under other crops nearly approximated the actuals. The actual yield under jola was double that of the estimate in the Kolar District and that under ragi was generally less than the estimates in the Taluks of the Chintamani Sub Division. In the Tumkur District, there has been great variations between the actual and estimated yields and a statement showing the revised figures for the District is herewith submitted. It is reported that no modifications are necessary under jola and horse-gram in the Mysore District and that under paddy and ragi the figures furnished in the final forecast has to be adopted.

2. A revised set of statements embodying the above

mentioned corrections is herewith submitted.

I have the honor to be,

Sir,

Your most obedient servant,

Revenue Commissioner.

CHITALDRUG.
